Limitations

24 months/500,000kms warranty (whichever occurs first) on parts-fitted by authorised VGA Dealer / Workshop / CSC.

The spare part warranty **does not include extra reimbursement for indirect losses**, costs or damage (including but not limited to load, lodging, phone calls, meals, express deliveries (VOR) etc.) which might have arisen as a consequence of material and/or manufacturing fault on the part in question.

The spare part warranty is **not valid if the part has been subjected to** negligence, abuse, misuse, theft, traffic accident, modified, rebuilt, repaired or serviced outside VGA Authorised Repairer Network or changed in any way where it is deemed not compliant with the recommendations of VGA and in accordance with good engineering practice.

No parts warranty (except accessories) is provided for **parts replaced during a Campaign** or during normal vehicle warranty.

Spare parts are subject to wear & tear and maintenance limitations. **Maintenance items and wear & tear items are normally not subject to warranty** coverage unless it can be clearly proven that a manufacturing fault is evident. For guidelines to wear and tear and maintenance items, refer to Warranty Binder (insert 1.2.1.1)

The term "parts" also refers to exchange units and accessories.

Note: 24 months fitted-parts warranty **does not apply** if the part was **fitted by a non-VGA authorised Dealer / Workshop or service provider.**
